--	---

estimated combined principal and interest required to pay on time and in full the debt obligations to be authorized if amortized over 20 years	\$11,773,080
as of the date the election was ordered, principal of all outstanding debt obligations	\$119,955,000
as of the date the election was ordered, the estimated interest on all outstanding debt obligations	\$33,479,540
estimated combined principal and interest required to pay on time and in full all outstanding debt obligations amortized over 18 years	\$153,434,540
estimated maximum annual increase in the amount of taxes on a residence homestead with an appraised value of \$100,000 to repay the debt obligations to be authorized, if approved. This figure makes conservative assumptions about the amortization period of the debt obligations and the estimated interest rate; and presumes no growth in future taxable values within the City.	\$0
